

LIQUID CONTROLS

Technical Service Training Seminar: Lake Bluff, IL

Date

October 12, 13 and 14, 2010

Liquid Controls is offering a three day technical service training seminar. This is an IN DEPTH training of the LCR-II & DMS. We are extending an invitation to personnel in your organization who would benefit from attending. This training will be conducted by Liquid Controls personnel who have many years of experience with meters, registers, and accessories.

Training
Specific for
Full Service Distributors

NOTE:

The training will conclude on Thursday, October 14 at 5:00 PM. A factory tour will be available on Friday morning October 15 for anyone that wishes to stay. Transportation to the airport will be provided at the end of the training or the next day depending on your flight schedule.
